Description

Being Him Dorall Collection Eau de Toilette is a fragrance designed for men who appreciate an unconventional vision of masculinity. This spicy scent opens with the invigorating freshness of mint, which instantly energizes and captivates. The heart note of lavender recalls the familiar, comforting scent of shaving soap, providing a sense of calm and tradition. This is perfectly balanced by the base note of vanilla, adding a layer of sensuality and warmth to the composition. Being Him Dorall Collection is not just a fragrance; it's an expression of strength, individuality, and confidence. For men who are unafraid of challenges and swimming against the tide, this fragrance is the perfect choice. Discover Being Him Dorall Collection at 1perfumery.co.uk and let this unique scent be your signature.
