Description

Chatler Only One Rose is a rose perfume for women.

A **rose perfume** is the little black dress of the **fragrance** world; no matter what trends come and go, you'll always be timelessly elegant in one. ... Eau **Rose** is one of French **fragrance** house Diptyque's classic scents, and for good reason: the **scent** is rich with both centifolia and damask **rose** to offer tons of floral nuance.

A fragrance without roses is almost as unthinkable as a love affair without kisses. Not only are roses the most romantic of flowers to look at: they're an absolute cornerstone of perfumery – the most important flower of all, from the point of view of a nose: sometimes powdery, sometimes woody, musky, myrrh-y, clove-like, sometimes fruity, or just blowsily feminine – but always, intensely romantic.
