What does Cuba for men smell like?

It's a **floral, woody fragrance with a warm, earthy aroma**. Notes of lavender and jasmine make it refreshingly spicy and sweet, while undertones of wood and vetiver give it a musky, powdery scent.

What is a Perfume Tester ?

Testers are the same original fragrances that you find in full size perfume bottles.

Testers may come in a variety sizes and forms of packing - some come with simple white or brown box with or without a cap and may be labeled "Demonstration" or "Tester"

the quality of the perfumes themselves are not affected at all and are the same as the one in retail fancy box .

All testers are sold unused, with the entire original quantity in the container.

What Are Perfume Dupes? Perfume dupes are similar-smelling bottles of fragrance with budget friendly price tags.

The best perfume dupes offer the same (or very similar) array of top, heart, and base notes but are sold under less expensive brands.

A good perfume dupe will also offer similar longevity to the original.
