Description

Gordano Little Black Dress Eau de Toilette is a fragrance full of character as a tribute to the rose. This iconic rose is composed of the most beautiful black raw materials in perfumery: black cherry, black rose, black tea, liquorice, and patchouli. Indispensable, like the little black dress in fashion, this fragrance is refined by the fruity notes of blueberry and raspberry. A touch of bergamot accompanied by white musk and a woody accord of sandalwood and patchouli signs this fragrance with an exquisite and unforgettable aura. Available now at 1perfumery.co.uk, experience a scent that embodies elegance and style!
