Loris Aphrodisiac - a smell for a house 120 ml
Home And Office Fragrance

It's time to stimulate your sexual desires whether you want to rekindle that old flame, rejuvenate a current flame or maybe just diffuse love into the air. The Aphrodisiac Blend has a spicy, woody aroma with soft floral notes that are historically recorded for their aphrodisiac qualities, but don't let me be the judge, dive in today.

Loris air freshener in the form of sticks will provide long-lasting freshness in your surroundings. Smelling sticks are not only a air freshener, but also a decorative element. Thanks to modern form, it fits into the interior design. The sensual smell was closed in an exclusive bottle. It emits a wonderful aroma thanks to the use of fragrance sticks. An elegant cardboard box with black sticks is a great gift for even the most elegant room. Fragrance oil was highly too perfumed with an intense and long-term scent. Depending on the humidity of air and temperatures, it stays from 3-6 weeks.

How to use:

Open the Loris perfume packaging. Pull the casing placed in the nut. Remove the bottle from the packaging. Remove the plastic nut, pull it out. Turn the chic black cover to the bottle. Place bamboo sticks in a flakon. Reversing sticks upside down every two days provides better distribution of the aroma. You can reduce the number of sticks to customize the intensity of the fragrance.
