Description

Old Spice Original by **Shulton Company** is a Oriental Spicy fragrance for men. **Old Spice Original** was launched in 1938. With a buoy-shaped bottle and distinctive scent, Old Spice After Shave is as American as a man on a motorcycle jumping over a baseball stadium while singing the national anthem. And the only thing despots hate more than decentralized government and free speech is the smell of Old Spice After Shave. So punch totalitarianism in the piehole by splashing on some Old Spice After Shave. Top notes are nutmeg, lemon, orange, star anise and aldehydes middle notes are carnation, jasmine, geranium, cinnamon, heliotrope and pimento base notes are ambergris, benzoin, cedar, vanilla, tonka bean and musk.
