## Description

**Paris Bleu Diplomate Homme** is a Oriental Woody fragrance for men.

Perfume fragrance line Tropical Feeling.

Vibrant and contrasted, Diplomate Pour Homme, is a fragrance that expresses the essence of a captivating and audacious charming man.

In the top, hot and sensual spices are blended with the fizziness of the hesperides and deliver astonishing cold-hot effect. The heart is softened by the accord of the violet leaves and clary sage that creates a very modern, aromatic- powdery and floral accord that is perfectly balanced.

The dry down vibrates with the rhythm of an unforgettable and clean woody-ambery accord.

Made for gentlemen with a sense of adventure and eccentricity, this new woodsy perfume offers an interesting contrast of freshness and warm sensuality.
