Description

Paris Bleu Esperanza is a Oriental Floral fragrance for women

Perfume fragrance line Jacques Evard.

Esperanza Hope of an everlasting dance, which finds its end only in ecstasy senses.

The scent bottle is reminiscent of a waltzer style, radiant under the chandeliers of the ballrooms of Vienna. That reminds us an enchanting place symbol of whirling harmony and absolute osmosis between the woman and her perfume. A flowing sensation, introduces the unique beauty of the scent **Esperanza**, unveiled by a joyful blend of fruity top notes, like Plum, Blackcurrant and Orange Flower, enhanced by a deeply feminine floral bouquet of Jasmine, Peony, and Violet. White sensual Musk, Amber and Vanilla, bring you closer to a magical world full of hope and dreams.
