Description

Armani Emporio Stronger With You Freeze is a Citrus Woody fragrance for men.

Remind yourself of the loveliest moments of your life whenever you feel like it. Armani Emporio Stronger With You Freeze Eau de Toilette captures all your memories in a bottle – and it only takes one spritz to recall the happy feeling of falling in love.

First, your senses will be delighted by the refreshing notes of lime. Then the fragrance develops with notes of lavender and sage, and the drydown includes balsamic amber with woody notes which show up last and stay the longest.

The modern, dynamic Armani Emporio Stronger With You Freeze was inspired by Giorgio Armani's belief that we should all live for the present moment, because it's always the happiest one. This idea of capturing all exciting and happy moments to re-live them later with the same intensity as the first time is also embodied by the bottle itself.
