What is a Perfume Tester ?

Testers are the same original fragrances that you find in full size perfume bottles. Fragrance companies manufacture testers to promote their products. Testers may come in a variety sizes and forms of packing - some come with simple white or brown box with or without a cap and may be labeled "Demonstration" or "Tester" the quality of the perfumes themselves are not affected at all and are the same as the one in retail fancy box . All testers are sold unused, with the entire original quantity in the container.

If you're purchasing for yourself, testers are a great way for you to get perfume for better discount but may not be appropriate for gift.
